

E-Safety

AN E-SAFETY ASSEMBLY PREPARED AND PRESENTED BY SOPHIE, JOSHUA
AND OLIVER

E-SAFETY IS VERY IMPORTANT AND YOU SHOULD BE VERY CAREFUL ONLINE. THE INTERNET IS PERHAPS ONE OF THE MOST DANGEROUS PLACES ON THE PLANET FOR PEOPLE RIGHT NOW.

Phones can be dangerous to many people too because on apps like Messenger or WhatsApp, you can talk to strangers and see pictures that are not appropriate.

It would be better
if you are on
YouTubeKids instead
of YouTube.

Youtube kids is a lot better to use because there are a lot less pop-ups and adverts. Youtube kids can show some amazing videos, how to make tutorials and much more. Consider using it today.

Before we end our assembly here's some special mentions. Please come up Aidan and Alfie, we'd like to say thank you for helping us. We will now sing – 'You make me sing'.

Thank you for listening to our
assembly you're the best.
