

# **GEOGRAPHY AT OFFENHAM SCHOOL WILL:**

**Involve ownership of learning,  
working collaboratively and  
discussing ideas and findings**

**Have clear  
sequences for  
learning with  
rich  
geographical  
vocabulary**

**Be enquiry  
based and  
engaging  
looking at  
contrasting  
environments**

**Lead to a knowledge of  
the features of the world  
around us and how we  
affect the world in we  
live in**

**Be practical with  
children using high  
quality resources and  
experiences to  
discover for  
themselves**

Our vision for geography is to provide children with a curiosity in both their immediate surroundings and in places and environments in the wider world. Our purpose is to instil an interest, fascination and desire to investigate a variety of human and physical characteristics of different places, both local and afar, through purposeful research and careful questioning. To be well rounded citizens, we believe children need to understand the differences between places and their cultures and be able to recognise how these change over time. We provide children with many opportunities to use a range of geographical skills to help them understand, present, analyse and communicate a range of information either collaboratively or as an individual. These skills are put into practice both inside and outside the classroom through local fieldwork and trips.
