This week in Severn Class...

Severn Class have been using Sketchpad to create their own vector pictures by carefully combining shapes to recreate existing images. They have explored a range of tools to adjust size, position, rotation and colour, learning how each feature helps improve the accuracy of their designs. By copying and pasting shapes, pupils have been able to work more efficiently and build more detailed compositions. They have also been developing their problem-solving skills by figuring out how different shapes can fit together like a puzzle, as well as improving their patience and attention to detail when refining their work.

Rockstar Choir Demo/Showcase

Thank you to everyone who joined us for the Rockstars Choir Demo session. It was such an enjoyable time. We were treated to four songs:

'Azizam' by Ed Sheeran, '9 to 5' by Dolly Parton, 'BFF' from the SpongeBob musical and 'Power of love' from the musical Back to the future.

Our thanks to Billie for enthusing our children and developing a love of singing together. We look forward to the next performance.

WE LOOK FORWARD TO OUR DRAMA SHOWCASE NEXT
THURSDAY - 26TH MARCH - 3.50PM START

Music Showcase - 18th May 2pm - For those children who have lessons with Mrs Wilde.

Year 5 Cornet Concert - 20th May - Time to be confirmed

Don't forget - Walk-through Thursday Session- 16th April (straight after school in your child's class).

Thought of the Week . . .

It's so much easier to like people, and to let people in, to trust them until they prove that you should do otherwise. The alternative is being an iceberg.

Taylor Swift

Music of the week:

This week we've been listening to 'Elegy for the Arctic' because in assembly on Monday, we learned about the A23a iceberg. Just a couple of years ago it was the size of Greater London and is now dwindling away to nothing - Ludovico Einaudi - "Elegy for the Arctic" - Official Live ([Greenpeace](#))

Birthdays

This week we celebrate the birthdays of Robyn, Arthur E & Anjuna

Father God, today we celebrate the birthdays of Robyn, Arthur and Anjuna and we say thank you that they are part of our school family. We pray that they may grow in wisdom and grace; give dignity and respect to others and that they may know your hope and joy every day. Strengthen and bless them on their birthdays and every day throughout the next year. Amen.

A PUBLIC HEALTH NOTICE TO BE AWARE OF:

MENINGITIS + SEPTICAEMIA

Meningitis is a serious condition where the protective layers around the brain and spinal cord become inflamed. Septicaemia is when the bacteria enter the bloodstream to cause blood poisoning. They can happen to anyone, so it's important to know the symptoms and risks.

Early symptoms, such as fever, vomiting, aches, muscle pain, cold hands and feet and headaches, can look similar to common illnesses like colds or flu. But someone with meningitis or septicaemia will usually become seriously ill in a matter of hours. That's why it's crucial to keep checking on anyone who is unwell.

MENINGITIS SYMPTOMS?

- fever
- a very bad headache (this alone is not a reason to get medical help)
- vomiting
- stiff neck
- dislike of bright lights
- rash (DO NOT wait for a rash to appear before seeking medical advice)
- confusion, delirium
- severe sleepiness, losing consciousness
- fits

SEPTICAEMIA SYMPTOMS?

- fever and shivering
- severe pains and aches in limbs and joints
- vomiting
- very cold hands and feet
- pale or blotchy skin
- rapid breathing
- diarrhoea and stomach cramps
- red or purple 'bruised' or blotchy rash on skin that does not fade under pressure - do the glass test. On dark skin, check paler areas of the skin, such as the palms of the hands, soles of the feet, inside the mouth (roof), and the eyelids
- difficulty walking or standing
- severe sleepiness, losing consciousness

If you become worried about yourself, your child, or a friend, particularly if symptoms are getting worse, seek medical help urgently.

EARLY TREATMENT CAN BE LIFE-SAVING.
