This week in Avon Class...

This half term in Avon Class, we have been studying the artist Antoni Gaudi. He was Catalan modernist architect known internationally as a genius! His most famous work of art is the Sagrada Familia in Barcelona, which is visited by millions of tourists every year.

He is known for his mosaic art inspired by nature. We studied his work before testing out his techniques and then designed our own mosaic plates using small squares of coloured paper. At the end of the unit, we created our own art gallery, where we wandered around quietly, admiring our own and each other's work. We concluded by telling our partner what we really liked about their work. We produced some amazing designs!

- 'I love the colours you've used.'*
- 'You've followed the lines carefully.'*
- 'I really like your design.'*
- 'You've included lots of detail.'*

Thank you for all your fantastic Spring Fayre Posters.
The winners are:
