St James's Place Financial Education Session Tuesday 7th July

A representative from St James's Place is coming into school to deliver an engaging and age-appropriate financial education session to the children on Tuesday 7th July.

The session aims to provide a fun, supportive, learning environment where we help children to:

- ➡ build confidence with money from an early age
- ➡ develop positive money habits
- ➡ understand the value of money

Plus the opportunity to enter a competition to win some art stationary!

This week in Avon Class... Beautiful Butterflies!

Last half term, Avon Class had a wonderful hands-on science experience as we raised our very own caterpillars and watched them grow into beautiful butterflies. From the moment the tiny caterpillars arrived, the children were fascinated by their rapid growth and changing appearance. Each day, we observed carefully as the caterpillars grew bigger and bigger, shedding their skins and becoming more active. The excitement really built when the caterpillars formed their chrysalides and began their incredible transformation. After a few days, we were delighted to see the butterflies finally emerge! The children watched in awe as their wings slowly expanded and dried. Once they were ready, we took the butterflies outside and released them into the wild. Many of the children had the chance to hold the butterflies and study them closely before watching them fly away, knowing we had helped care for them during such an important stage of their lives. This activity not only helped us learn about life cycles but also encouraged patience, responsibility, and a deeper appreciation for the natural world.

Agapé Meal

Yesterday, Mother Jo led a special 'Agapé' service at school. It was such a lovely time together with the children sitting in groups to remember Jesus's last supper with His friends. We all shared in a special 'love' meal with our friends. Thank to our Year four leaders who served everyone and to Mother for preparing it.
