Vision

Together we flourish in the love of God

Elements Diocesan Learning Trust values the individual nature of each school within the Trust family. We believe that every person is a unique and precious gift, created with purpose and value. We nurture each person as a child of God and recognise their inherent potential. Through our collective efforts, we inspire hope, nurture faith, and promote the flourishing of each school.

We ensure that every person is seen, valued, and empowered to succeed, regardless of their background or circumstances. Through justice and equity, we foster an inclusive environment where diversity is celebrated, and every person's unique gifts are honoured.

By embracing these principles, we create a culture where every person values themselves, their community, and the world around them to become compassionate, confident, and responsible individuals.

Values

To love, to learn, to serve – through collaboration, honesty and hope.

Our core values underpin all aspects of our Trust as we strive to make a positive difference to the lives of all pupils whilst they are at school and in later life. Through these values, we can be sure our community is one of hope; a place of transformation and trust, where all are treated with respect and dignity.

Love

We are committed to Compassion and Care: As Christ commands, we strive to love one another deeply, fostering empathy, respect, and kindness. We create a culture where we genuinely care for each other, supporting personal, professional and spiritual growth, as we walk in His love.

Learn

We are committed to Continuous Growth and Wisdom: Following the call to grow in knowledge and understanding, we cultivate a culture of curiosity, adaptability, and continual improvement. We encourage all to seek wisdom and learning, guided by God's truth, that we might serve more effectively.

Serve

We are committed to Service and Impact: Inspired by Christ's example of humble service, we dedicate ourselves to serving others, contributing to the well-being of our schools, communities, and beyond, bringing His light and love into all we do.

Collaboration

We are committed to Unity in Purpose: We value working together in mutual respect, knowing that through collaboration, we can have a greater impact supporting each other to achieve our shared vision.

Honesty

We are committed to Integrity and Truth: Following Christ's call to live in truth, we foster a culture of honesty, transparency, and trust, ensuring that our actions reflect His integrity in all dealings, upholding the highest ethical standards.

Hope

We are committed to Inspiring Hope and Faith: As bearers of Christ's hope, we instil in every individual the belief in their God-given potential to achieve great things, trusting in His plan to bring good out of all circumstances, and inspiring hope for a future filled with His promises.

2. Aims

The aims of our first aid policy are to:

- Ensure the health and safety of all staff, pupils and visitors
- Ensure that staff and directors are aware of their responsibilities with regards to health and safety
- Provide a framework for responding to an incident and recording and reporting the outcomes

3. Legislation and guidance

This policy is based on the [statutory framework for the Early Years Foundation Stage](#), advice from the Department for Education (DfE) on [first aid in schools](#) and [health and safety in schools](#), guidance from the Health and Safety Executive (HSE) on [incident reporting in schools](#), and the following legislation:

- [The Health and Safety \(First-Aid\) Regulations 1981](#), which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- [The Management of Health and Safety at Work Regulations 1992](#), which require employers to make an assessment of the risks to the health and safety of their employees
- [The Management of Health and Safety at Work Regulations 1999](#), which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- [The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations \(RIDDOR\) 2013](#), which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- [The Social Security \(Claims and Payments\) Regulations 1979](#), which set out rules on the retention of accident records
- [The Education \(Independent School Standards\) Regulations 2014](#), which require that suitable space is provided to cater for the medical and therapy needs of pupils

This policy complies with our trust's funding agreement and articles of association.

The appointed person(s) at each school is responsible for:

- Taking charge when someone is injured or becomes ill
- Making sure there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits
- Making sure that an ambulance or other professional medical help is summoned when appropriate

First aiders are trained and qualified to carry out the role (see section 8) and are responsible for:

- Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- Sending pupils home to recover, where necessary
- Filling in an accident report on the same day as, or as soon as is reasonably practicable after, an incident.
- Keeping their contact details up to date

The school's appointed person(s) and/or first aiders are listed in appendix 1. The school's First Aid procedure is clearly displayed in the main office. In the EYFS, a list of all qualified First Aiders is also prominently displayed.

5. First aid procedures

5.1 In-school procedures

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on the scene until help arrives
- If the injured person (or their parents/carers, in the case of pupils) has not provided their consent to the school to receive first aid, the first aider will act in accordance with the alternative arrangements (for example, contacting a medical professional to deliver the treatment)
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- If the first aider judges that a pupil is too unwell to remain in school, the classteacher or SBM after speaking with SLT about their decision will contact parents/carers and ask them to collect their child. Upon the parent's/carer's arrival, the first aider will recommend next steps to them. This incident will be recorded on Smartlog (Non-RIDDOR).
- If emergency services are called, the Headteacher/SBM will contact the parent/carer immediately. The incident will be recorded on Smartlog. If the child is taken directly to hospital for treatment from the scene, a RIDDOR report will be submitted. If the child is not taken to hospital, the incident will be recorded on Smartlog as non-RIDDOR.
- The first aider/relevant member of staff will complete an accident report form on the same day or as soon as is reasonably practicable after an incident resulting in an injury

There will be at least 1 person who has a current paediatric first aid (PFA) certificate on the premises at all times.

The Headteacher holds overall responsibility for ensuring that all first aid incidents are appropriately recorded. They have access to Smartlog and must ensure that any incidents meeting RIDDOR criteria are reported promptly and accurately. While the task of logging first aid incidents may be delegated to a designated staff member, this delegation must be clearly defined and regularly monitored to ensure compliance and consistency. The only incidents that require reporting on Smartlog are serious ones which require parental collection or emergency services contact. All other incidents can be recorded using the school first aid book/reporting proformas.
